Accessible Camping Options

Each campsite has varying amounts of space available for personal tents. Sha-Cha-Quoia is one of our more accessible campsites, offering relatively flat terrain and easier access than many of our other campsites. Tehachapi is another great option, with a paved accessible parking space and a paved trail to the showers and restrooms.

If a Scout, leader, or family member has mobility or accessibility needs, please call us. We will work with you and your unit to identify the campsite and accommodations that best meet your needs.
